Inspiration for this shawl

Yarn: Custom requested winding by Lady Dee's Traumgarne (traumgarne.eu)
Colors: light blue, dove blue, fern and taupe
(250 grams = 1000 meters, 4-ply).
This shawl can be crocheted from all yarns that are not too bulky, up to hook size 4mm (G/6) anyway. If the puff stitches come out too bulky, work with less yarn over's.

Hook: 3,5mm (E)

Abbreviations (US terms):

st = stitch
ch = chain
dc = double crochet
trc = treble crochet*
dtrc = double treble crochet, yarn over 3 times

slst = slip stitch
sc =single crochet
prev.r = previous row

tog = (crochet) together (e.g.: don't crochet the last yarn over at each of the 3 dc but leave them on the hook, at the end pull the last yarn over through all the 4 threads on the hook)
puff = puff stitch, yarn over 4 times (yarn over once, *insert hook + pull up thread as high as a dc, yarn over once*, repeat from * to * 3 more times = 9 threads on the hook, yarn over and pull through all 9 threads on the hook
picot = 3 ch, 1 slst into the first chain

The first st of a row is always 3 or 4 ch which are replacing a dc or trc (this is not marked in the pattern again). **If the work is too tight on the outsides, work 4 ch or a trc at the beginning and end of <u>each</u> row.**

*NOTE: The treble crochet stitches in row 7 and in the following trc rows which are (actually) crocheted into the stitch that comes out from the 3 dc crtog at the previous row, should be crocheted <u>into</u> the chain stitch in front of this stitch. (see photos below) Otherwise the crtog stitch stretches too much.

Pattern Shawl QUIRAING © Silvia Bangert (silvella)

Work the following trc around the ch, so the result will be nicer. This "shift" repeats in the first border row at the puffs, the sc and the dc (except the center part).

Basic shawl pattern

Chain 5, close to a ring with a slst.

Row 1: ch 4, 2 dc around the ch of the ring, 2 ch, 2 dc around the ch of the ring, 1 trc around the ch of the ring.

Row 2: 4 ch +2 dc into the first st of prev.r, 1 dc into each of the dc of prev.r, (2 dc + 2 ch + 2 dc) around the 2 ch of prev.r, 1 dc into each of the dc of the prev.r, *2 dc + 1 trc* into the top of the 4 ch of prev.r.

Row 3: 4 + 1 ch + 1 trc into the first st of prev.r, *1 ch, skip 1 st, 1 trc*, repeat from * to * twice, 1 ch, (1 trc + **3** ch + 1 trc) around the 2 ch in the middle. 1 ch, 1 trc (into the first dc behind the 2 ch), *1 ch, skip 1 st, 1 trc*, repeat from * to * once, 1 ch, skip 1 st; 1 trc + 1 ch + 1 trc into the top of the 4 ch of prev.r.

Row 4: 3 ch + 2 dc into the first st of prev.r, 1 ch, *1 puff around the first ch of prev.r, 1 ch, skip 1 trc, 1 dc around the next ch of prev.r, 1 ch, skip 1 trc*, repeat from * to * once, 1 puff around the ch of prev.r, 1 ch, skip 1 ch, (2 dc + 2 ch + 2 dc) around the 3 ch in the middle, *1 ch, skip 1 trc, 1 puff around the ch of prev.r, 1 ch, skip 1 trc, 1 dc around the next ch of prev.r*, repeat from * to * once, 1 ch, skip 1 trc, 1 puff around the last ch of prev.r, 1 ch, 3 dc into the top of the 4 ch of prev.r.

Row 5: 3 ch + 2 dc into the first st of prev.r, 1 dc into each of the following stitches and around each ch of prev.r, (2 dc + 2 ch + 2 dc) around the 2 ch in the middle, 1 dc into each of the following stitches and around each ch of prev.r, 3 dc into the top of the 3 ch of prev.r.

Check it: now you have worked 3 ch + 19 dc + 2 ch in the middle + 20 dc.

Row 6: 4 ch + 2 dc into the first st of prev.r, 2 ch, *3 dc tog, 3 ch, skip 1 st*, repeat from * to * 3 times, 3 dc tog, 2 ch, (2 dc + 2 ch + 2 dc) around the 2 ch in the middle, 2 ch, *3 dc tog, 3 ch, skip 1 st*, repeat from * to * 3 times, 3 dc tog, 2 ch, 2 dc + 1 trc into the top of the 3 ch of prev.r.

THE UPCOMING 4 ROWS ARE THE **REPEAT** FOR ALL THE FOLLOWING ROWS UNTIL THE BORDER STARTS.

LEAVE ENOUGH YARN FOR THE BORDER. IF YOU WEIGH OUT THE NEED OF THE YARN FOR EACH ROW CLOSE TO THE END, YOU CAN CALCULATE THIS WELL. **YOU NEED AN AMOUNT OF YARN FOR THE BORDER THAT CORRESPONDS WITH THE WEIGHT OF A BIT MORE THAN 4 ROWS CLOSE TO THE END OF YOUR WORK.**

PATTERN REPEAT ROWS 7 – 10:

Row 7: 4+1 ch + 1 trc into the first st of prev.r., 1 ch, 1 trc into second st of prev.r., 1 ch, skip 1 st, 1 trc around the **2 ch of prev.r.**, *1 ch, 1 trc <u>into</u> the ch <u>in front of</u> the 3 dc tog, 1 ch, 1 trc around the 3 ch of prev.r.*, repeat from * to * until you crochet the last trc around the 2 ch <u>in front of the middle,</u> now 1 ch, skip 1 st, 1 trc into the last dc of prev.r. in front of the middle, 1 ch, (1 trc +3 ch + 1 trc) around the middle 2 ch of prev.r., 1 ch, 1 trc into the first dc of prev.r. behind the middle, 1 ch, skip 1 st, 1 trc around the 2 ch <u>behind the middle</u>, *1 ch, 1 trc into the ch <u>in front of</u> the 3 dc tog, 1 ch, 1 trc around the 3 ch of prev.r.*, repeat from * to * until you crochet the last trc around the **2 ch of prev.r.**, now 1 ch, skip 1 st, 1 trc into the last dc of prev.r., 1 ch, 1 trc + 1 ch + 1 trc into the top of the 4 ch of prev.r. **(there is only 1 chain at this place in all the following repeats of this row)**

Row 8: 3 ch + 2 dc into the first st of prev.r., 1 ch, 1 puff around the first ch of prev.r., *1 ch, skip 1 trc, 1 dc around the next ch, 1 ch, skip 1 trc, 1 puff around the next ch*, repeat from * to * until you crochet the last puff around the last ch in front of the middle, 1 ch, skip 1 trc, (2 dc + 2 ch + 2 dc) around the middle 3 ch of prev.r., 1 ch, skip 1 trc, 1 puff around the first ch of prev.r. behind the middle, *1 ch, skip 1 trc, 1 dc around the next ch, 1 ch, skip 1 trc, 1 puff around the next ch*, repeat from * to * until you crochet the last puff around the last ch of prev.r., 1 ch, 3 dc into the the top of the 4 ch of prev.r.

Row 9: 3 ch + 1 dc into the first st of prev.r., 1 dc into each of the following st and around each ch of prev.r., (2 dc + 2 ch + 2 dc) around the middle 2 ch of prev.r., 1 dc into each of the following st and around each ch of prev.r., 2 dc into the the top of the 3 ch of prev.r.

Row 10: 4 ch + 2 dc into the first st of prev.r., 1 ch, **2** dc tog into the next 2 dc of prev.r., *3 ch, skip 1 st, **3** dc tog*, repeat from * to * until you crochet the last 3 dc tog on the last 3 dc of prev.r., **2** ch, (2 dc + 2 ch + 2 dc) around the middle 2 ch of prev.r., **2** ch, *3 dc tog, 3 ch, skip 1 st*, repeat from * to * until the last 3 st of prev.r. are left, **2** dc tog into the last 2 dc of prev.r., 1 ch, 2 dc + 1 trc into the the top of the 3 ch of prev.r.

NOW THERE ARE CROCHETED THE FIRST 6 ROWS AND 11 TIMES THE PATTERN REPEAT WITH THE ORIGINAL YARN, SO THE LAST ROW IS A ROW 10 (= **50 Rows**). IF YOU CROCHET MORE OR LESS PATTERN REPEATS, YOU SHOULD END UP WITH A ROW 10. JUST IN THIS CASE THE NOW FOLLOWING EDGING WILL FIT ONTO THE PREVIOUS ROW.
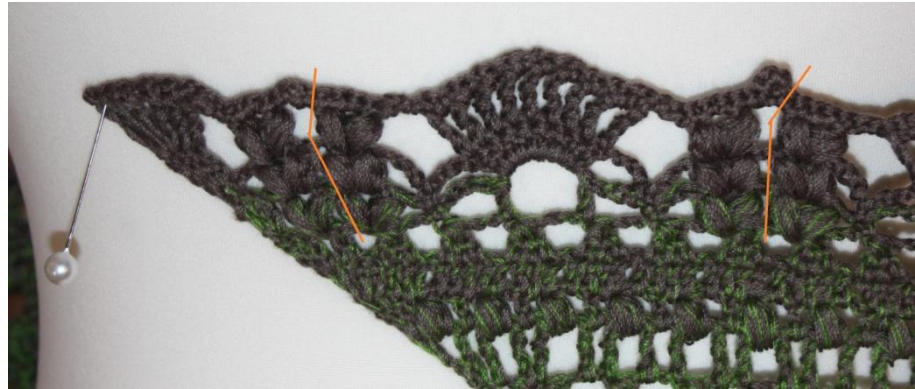

Edging

The pattern repeat of this edging is not coming out even if you now have 59 of the 3 dctog clusters in your last "row 10". This is why we need a **short** pattern repeat (which appears once in front of and behind the middle tip) and a **long** pattern repeat for the rest. You also should fill in the stitches pattern-like or some dc at beginning and end of the rows. I try to explain this as good as possible. This is complex – but just in this way the middle tip comes out in the middle of the shawl. The short and long pattern repeats are in terms of color inside the rows.

Mark the correct stitches where the pattern repeats start and end:
Count from the middle tip beginning with the first dc up to including the fifth of the 3 dc tog clusters. There are **19** dc below this section (set a stitch marker here!). This is the **short** pattern repeat (see photo).

Pattern Shawl QUIRAING © Silvia Bangert (silvella)

Behind this point the first long pattern repeat starts with 1 skipped dc, count on up to including the sixth of the following 3 dc tog clusters. There are **24** dc below this section – end of the first **long** pattern repeat (see photo, it shows the first/last long pattern repeat).

Now count on in steps of 24 dc. Set another stitch marker behind the <u>last</u> entire **long** pattern repeat. Set the same markers on the other side of the shawl.

SUMMARY: 1 **short pattern repeat of 19 dc** + **….long pattern repeats of 24 dc each** (it should be 9 long pattern repeats if your shawl has the same size as mine) on each side.
<u>There are just 1 ch and the last 3 st of the row left (in my shawl).</u>

IMPORTANT: work the increases at the beginning and the end of the row as usual! Adjust the section between the last pattern repeat and the first/last st of the rows pattern-like (the part which could be filled in is marked red in the pattern; you have to fill in the pattern individually). If this is difficult, fill in dc's instead of the pattern (or sc's in the last edging row), but work the increases at the beginning/end constantly.

This sounds difficult… it is, but it's worth the work! An advice: compare to the photos!

1st edging row: 4 ch + 2 dc into the first st of prev.r., fill in here if nec., 1 ch, 1 puff + 2 ch + 1 puff into the ch <u>in front of</u> the 2 dc tog., 1 ch. <u>FROM THE STITCH MARKER ON:</u> *1 puff + 2 ch + 1 puff into the ch <u>in front of</u> the following 3 dc tog, 2 ch, 1 sc into the ch <u>in front of</u> the following 3 dc tog, 4 ch, 1 dc into the ch <u>in front of</u> the following 3 dc tog, 5 ch, 1 dc into the ch <u>in front of</u> the following 3 dc tog, 4 ch, 1 sc into the ch <u>in front of</u> the following 3 dc tog, 2 ch, 1 puff + 2 ch + 1 puff into the ch <u>in front of</u> the following 3 dc tog, 1 ch*, repeat from * to * <u>until you reach the next stitch marker.</u> 1 puff +2 ch + 1 puff into the ch <u>in front of</u> the following 3 dc tog, 2 ch, 1 sc into the ch <u>in front of</u> the following 3 dc tog, 4 ch, 1 dc into the ch <u>in front of</u> the following 3 dc tog, 5 ch, 1 dc into the ch <u>in front of</u> the following 3 dc tog, 4 ch, 1 sc into the ch <u>in front of</u> the following 3 dc tog, 2 ch, <u>HERE IS THE LAST STITCH MARKER.</u> <u>NOW THE MIDDLE TIP:</u> 1 puff into the first of the 2 dc, 1 ch, skip the second dc, (1 puff + 1 ch + 1 puff + 3 ch + 1 puff + 1 ch + 1 puff) around the 2 middle ch of prev.r., 1 ch, skip first dc, 1 puff into the second dc. <u>FROM THE STITCH MARKER ON:</u> 2 ch, 1 sc into the ch <u>in front of</u> the following 3 dc tog, 4 ch, 1 dc into the ch <u>in front of</u> the following 3 dc tog, 5 ch, 1 dc into the ch <u>in front of</u> the following 3 dc tog, 4 ch, 1 sc into the ch <u>in front of</u> the following 3 dc tog, 2 ch, 1 puff + 2 ch + 1 puff into the ch <u>in front of</u> the following 3 dc tog. <u>FROM THE STITCH MARKER ON:</u> *1 ch, 1 puff + 2 ch + 1 puff into the ch <u>in front of</u> the following 3 dc tog, 2 ch, 1 sc into the ch <u>in front of</u> the following 3 dc tog, 4 ch, 1 dc into the ch <u>in front of</u> the following 3 dc tog, 5 ch, 1 dc into the ch <u>in front of</u> the following 3 dc tog, 4 ch, 1 sc into the ch <u>in front of</u> the following 3 dc tog, 2 ch, 1 puff + 2 ch + 1 puff into the ch <u>in front of</u> the following 3 dc tog*, repeat from * to * <u>until you reach the last stitch marker.</u> 1 ch, 1 puff + 2 ch + 1 puff into the ch <u>in front of</u> the following 2 dc tog, 1 ch, fill in here if nec., 2 dc + 1 trc into the top of the 3 ch of prev.r.
